

Three real games, on the house.

These are pages out of three sets I sell. Not previews, not stamped across the middle. The same paper the buyer gets. Print them, cut what needs cutting, and play.

- | | | |
|---|------------------------------|--|
| 1 | Halloween Bingo | Card 001 and the call sheet that runs it. |
| 2 | 90s Trivia | Five questions, one out of each round, with the answers. |
| 3 | Nature Scavenger Hunt | The spring sheet, all 24 things. |
-

BEFORE YOU PRINT

- Print at 100 percent or Actual Size. Fit to Page shrinks the card and moves the cut lines.
- Black and white is fine. Nothing here needs color ink to play.
- The last page says where each of these three came from, and what the full set costs.

What you can do with this pack

Print these as many times as you want, for your own parties, your classroom or your church. Don't resell them and don't post the file anywhere.

The rest of the shop

Bingo for most of the year, trivia, shower games, scavenger hunts, classroom sets and Sunday school sets. Bundles run cheaper than the sets in them. Everything downloads the second you pay, and everything prints on plain paper at home.

I'm a steel erector with two kids. I built these games because I needed them for parties at my own house and couldn't find one that just printed. If a page comes out wrong, message me at the shop and I'll fix it, no charge.
